To whom it may concern,

Letter of Recommendation

I have had the privilege of working with Mr. Schlemmer and his team at www.lawandtranslation.com for five years and, after all these years, I believe it is an honour to write a letter of recommendation for him.

Every since our company entered the Hungarian market, we needed a professional language service provider for both translation and interpretation assignments, in order to assist our business communications in the most various fields of our activities. Mr. Schlemmer and his colleagues translated for us several public procurement tender documents, draft contracts, opinions and recommendations from our consultants, and countless pieces of other business correspondence from and into English and Hungarian. They also accompanied and assisted us during our visits to Hungary and interpreted during several high level meetings, both formal and informal, with our business partners - including prominent representatives of Hungarian public administration organizations, distinguished Hungarian corporations, consultants - and ultimately took more, than their fair share in achieving success in our business efforts.

I am thankful for all their contributions and I have no reservations in strongly recommending the team of www.lawandtranslation.com as your future language service provider, as they are professional, prompt and courteous in all business dealings. They possess honesty and integrity thus making our cooperation a real asset to PSZCO Ltd. It is our hope that they will continue to work with our company for many years to come.

Yours truly,

Abe Zimmermann - President
